MY SPANISH HOST FAMILY

Hello, I'm here to talk about my host family in Enguera, Spain. My family was really kind and funny. It had **5 members – a mother, father, son, daughter and a dog.**

The **dog's name was Thor** but not the character from the Marvel series. **My host's name was Miguel, he was very funny and kind.**

The Mother's name was **Emi**, the father's name was **Miguel**, same as my host's name and the daughters name was **Blanca**. When we arrived at the airport they took care of me and made me feel better with them.

The family didn't know English well so they used translators to make me understand them.

When we arrived at their home, they took me to the local supermarket, and purchased me everything I want.

When it was evening I was surprised by a cake for me because **they celebrated my birthday** even it was 13 days late. 😊

The family lived in a big 2-story house that had 10 rooms. And also, a big garden and a garage where Blanca's motorbike was.

The family had a **Nintendo console** and I played on it.

During the time I was staying there I was in a room where Miguel, my host slept.

On Wednesday my host **Miguel took me to his football training** and his mother Emi was sitting there, watching us how we train and after the training she said I did very well and that made me happy.
