At 1:30 p.m. we went to the school canteen to eat lunch; the food was very good. We went home to have a rest and after it we **were supposed to go on a bike trip but later in the afternoon, but unfortunately it started raining a lot.** In that case we couldn't go there and postponed the trip for another afternoon.

We stayed at home with our families not going anywhere so when we stayed at home we **played Nintendo all time.**

And our friends came there and played with us. That's all we did.
