## **REPORT: GROUP MOBILITY OF PUPILS PALMA DE MALLORCA, SPAIN THURSDAY 22<sup>nd</sup> MAY 2025 MORNING**

**Gabriela Pálková 8.A**

When we arrived at school in the morning, we played a board game with our **Spanish class**. We were divided into four groups and the group Bianca and Pau won. Our second class was **History**. It was a boring class because we (Czechs) just sat and had to listen even though we didn't understand it at all.

After these two hours, we set off to **Castell de Bellver**. The journey there was difficult because it was very hot, and we were almost always going uphill. We had a break halfway. We stopped at a two-story playground. We had a snack and a drink here and stayed for about 30 minutes. Then we only have a little bit left to find there.

When we got there, we had to wait a few minutes for the teachers to buy the tickets. While we were waiting, some of us started dancing to different songs. **The castle was round, light brown and had four towers**. When we entered, our hosts **had a story ready for us about this castle**. At first glance, this castle looked like the Colosseum.

**The castle was mostly filled with statues, paintings and coins**. Just when we went there, a modelling session for a fashion brand was about to take place. At the top of the castle there was **a beautiful viewpoint from which you could see the whole city and even a bit of the sea where the boat port was located**. After that, we went down from the castle where we said goodbye to our teachers and continued with only the Spanish teachers.

When we were riding back by bus, we started chatting with a very nice lady who asked us where we were from, etc. Me, Ariadne, Alexia, Terka, Bridgett and Maki got off early, I think the girls could reserve their favourite magazine. Then we just went to the store where Ariadne bought me some **Spanish candies**. Before I could eat them, we got to the school where we said goodbye and went home.
