My Spanish host family

During my stay in Murcia I lived with a host family. I was a little bit nervous before I arrived, but they were very kind and welcoming. They made me feel comfortable from the first day.

My host family had four members - mother, father, and two girls. The girls were very friendly and helped me when I did not understand something in Spanish. At home they usually spoke Spanish, but sometimes they tried to help me. Their father tried too but he didn't speak English well. It was a good way to practice the language.

In Spain dinner was later than in Czech Republic, sometimes around 9 or 10 p.m. It wasn't different for me because in Greece is the same.

Saturday 7th February with my host family family

On Saturday 7th February we had for breakfast **churros**. It was delicious. After that, we took the bus with my 3 Spanish and 3 Czech friends to Murcia. We went to some shops and then to the shopping centre. Later, we met one of

my Spanish friend's mother and her little sister. All of us went for lunch to Domino's. We had pizza there.

After lunch we went to a square and we were sitting there, and after a few minutes I saw my Czech and Spanish friends, so we told them to come sit with us. We went again through the shops and again to the shopping centre, there we met the others. All the group was there, but we had to go home to pack our luggage, so we stayed there for 30 minutes and took the bus back to Alcantarilla.

I had a Spanish **salty croissant** for dinner. I really enjoyed it and I will always remember this Saturday and all the week and the time we spend there all together.
