### SUNDAY 22<sup>nd</sup> MARCH WITH MY SPANISH FAMILY

On Sunday morning we got up, got dressed, had breakfast and went on a trip to: **a waterfall, a hill with a very nice view and a pond.**

#### Waterfall

When we arrived, we had to go down about 50 stairs which wasn't so bad when we had to go back. They told me that in the summer they like to swim there but there are a lot of people there in the summer, probably tourists but even locals go there, too. And then we went back to their car and went to another destination.

#### Hill with a beautiful view

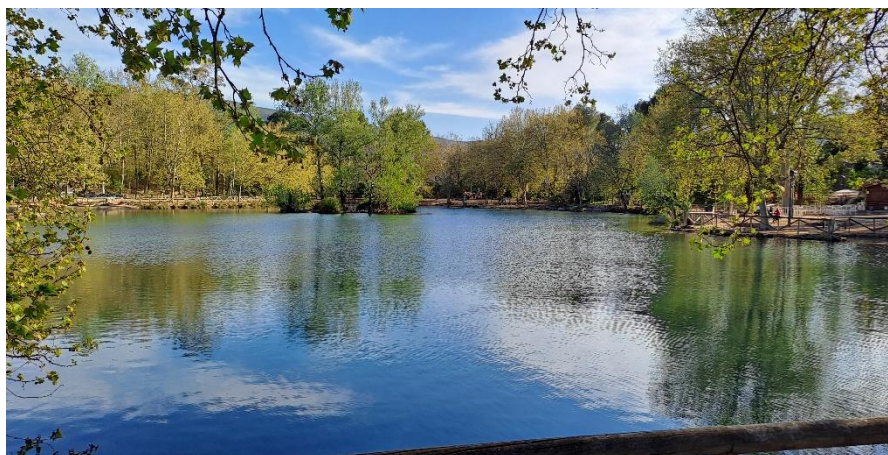

My legs hurt a little because of the stairs. And after the stairs we had to go up the hill. The view on the hill was really beautiful. It was about 25 minutes from the waterfall. There were a lot of people because they were taking pictures. We took a picture too.

#### A pond

When we arrived to the pond, we saw **ducks** but they were different from ours. They had **little bit red on their face**. They told me we would ride our bikes here on Monday (but that was then moved to another day).

After everything we got home and chill. In the afternoon we went out with our friends and talked about our day.
