ŠPANĚLSKO

TERMÍN: 21. 3. – 28. 3. 2026

PROJEKT: Active EU Citizen: Unidos en la diversidad / Jednotni v rozmanitosti

REPORT: GROUP MOBILITY OF PUPILS ENGUERA, SPAIN **MONDAY 23RD MARCH 2026 MORNING**

Sofie Ella Špondrová 6.A

In the morning we woke up at 8 am and I slept great. We cleaned up, got dressed, and went out together with Mar's friend. We stopped after 5 minutes and waited for other our friends and after that we got in the school. **Monday was our first day at school so we were curious.**

Their school in Enguera was pretty big but not that big as our school.

When we came to the class, we put our things down at our desks and went to see other classes. But before that the teachers introduced themselves to us. They also **introduced school rules**. I think their school only had classes **up to the sixth grade**.

We **visited three classes** and they asked us riddles, in English of course. For example, the type of questions like what has four legs but doesn't walk and the answer was a chair or a table. **When we said the correct answer, we got a lollipop.**

They also showed us a cage where they used to have animals like **pigs, chickens** etc.

After that we had lunch in the school canteen. Their lunch was really good, **we had chicken with baguette and salad**. For drink we only had water.

Then they show us their garden. They also had vegetables planted there which was quite cool.

Later we went to the gym and tried **Mascletà**. We had musical instruments like empty plastic bottles, drums and so on.

Spanish students first showed us and later we were able to try it ourselves and joined the Spanish with the instruments.

I'm really glad I applied for Erasmus+ because it was a good experience and I made new friends.
