REPORT: GROUP MOBILITY OF PUPILS ALCANTARILLA, SPAIN
SUNDAY 8TH FEBRUARY 2026
Erik Lučanský 9.C

Sunday was a travel day. We got up very early in the morning, but not as early as when we travelled to Spain. I had a quick breakfast and morning hygiene. I packed my suitcase last evening, so I was ready. I received a food package for the trip and my family took me by car from Alcantarilla to the **bus station in Murcia**, where we ordered our own **minibus to the airport** in Alicante for 6.20.

We arrived in Alicante at 7:30 and the plane was scheduled to depart at **9:20**. We checked in our luggage and waited for the plane.

We flew from Alicante to Vienna and arrived at around 12:15. We collected our luggage and went to sit and wait for the bus. From Vienna we travelled by bus to Brno at 2 p.m. and we arrived in Brno at 3.55 p.m.

Everything went smoothly and without any problems.

It is a great opportunity for us to try to communicate in English with the

family where we live during the Erasmus mobility. It is an opportunity to get to know other countries, other people, their culture, customs. We can see how other people live in another country, their education and how they spend free time.

I am glad that I had this opportunity and could participate in this Erasmus, which our teacher Mrs. Schormová organized. I am sorry at the same time, that it is my last Erasmus, as I am in grade 9 and it is my last year in ZŠ Brno, Herčíkova 19.
