### My host family in Palma de Mallorca

My Spanish host was **Alexia and her family**. When I arrived, I was really **nervous** and wanted to go back home. When we got to her house, I was really happy because **I got my own room**. Alexia's dad cooked our first meal. Then we took a break and at about 5:00 PM we went to the beach, where Gabča arrived.

My family had a black BMW car that we used to drive to athletics and the like, but we walked to school. We always **had lunch prepared at home** and I would make a surprise in foil for a snack.

to like the family and your Spanish friend, you actually start to leave them and in order to see him again, you have to call or meet them so that they can fly to you or you can fly to them. My family was exactly right for me and I'm glad I got this family. I love them and hope to see them again someday.

On Wednesdays, we **had pizza for dinner and I had a margarita**. I had a good time with the family. **They took care of me like I was their own and I liked that**. Every time you talked to each other at breakfast and dinner, I would just watch and wonder what you were saying. **Gradually, I realized that I loved them more and more**. I didn't even want to leave them.
