REPORT: GROUP MOBILITY OF PUPILS ALCANTARILLA, SPAIN
MONDAY 2ND FEBRUARY 2026 AFTERNOON
HYNEK KARAS 7.C

On Monday afternoon we did our tour to Alcantarilla to the Aqueduct park.

Then we returned to the school, where we had the English lesson where we talked to other classmates from different countries (China, Morocco, Ghana and others) and exchanged information about our countries.

After school, I went home by bus with my Spanish Erasmus+ mate Mario. We had lunch at his grandmother's house. The food was very tasty as you can see in the picture and homemade. Then we went with Mario home and played board games. We enjoyed it a lot.

In the evening, we planned to visit a shopping mall.

We left home at five o'clock. The journey took about one hour. Mario's dad drove us by car. On the way, we picked up one Czech and one Spanish classmate.

We went to a huge shopping mall called Centro Comercial Nueva Condomina.

First, we walked around the shops.

We looked at perfumes and then we bought some clothes. Later, we met other classmates there. There were most of the Erasmus group there.

We had ice cream together, and it was really good. After that, we walked around more shops. We also had dinner at **Taco Bell** in the mall. I had burrito and it was very tasty.

We left at nine o'clock in the evening. On the way back, we went with other classmates and their dad. We arrived home at about ten, tired but happy. I took the shower and I slept well the whole night.
