REPORT: GROUP MOBILITY OF PUPILS ALCANTARILLA, SPAIN
TUESDAY 3TH FEBRUARY 2026 MORNING
Filip Velička 7.C

On Tuesday we got up earlier than usual at 6:00 because we were going on a trip to **Cartagena** and we needed to pack up our things. Then we went to school like always and when everyone arrived, the bus was already waiting for us next to school.

We went there by a private bus and the journey was about 1 hour long. We arrived to **Cala Cortina** and it was pretty windy there. We took some pictures there, walked along the sea enjoying it. Then we **hiked up to some old military fortress**. In the past, more fortresses were protecting the city of Cartagena. We again took some pictures from the top of the mountain and watched the ships on the sea.

On the way back, we walked **along the sea** to the city of Cartagena for **about 3 km**. It was really hot and sunny outside so we took off our hoodies. It was like a promenade with nice views around.

We went **past the harbour** on the way. It was really cool. Finally, we arrived to the centre of the city near the Roman theatre which we wanted to visit. The morning there was really great we enjoy it a lot.
