REPORT: GROUP MOBILITY OF PUPILS ENGUERA, SPAIN **FRIDAY 26TH MARCH 2026 AFTERNOON**

Adéla Kritzbachová 7.D

On Friday, when school was over, we went home to our Spanish host. **Mom made us a snack and we could rest for a while.** After having a rest, we went out into the town with Sofia, Bára and another Bára, Ondřej, Richard and their Spanish hosts.

The whole group went to the store, where we bought sweets and then we went to the square, where we talked about our experiences and how we were looking forward to going home to our parents. **We got the idea to play hide and seek.**

We hid in different places and the Spanish hosts looked for us. It was great fun and we all laughed a lot. After this game, we **all went back to school together**, where we **had dinner together** and **said goodbye to the Spanish hosts and their school and teachers.**

For dinner, everyone had their own food, which the parents of the Spanish hosts had prepared. I **liked the donuts** from my Spanish mother the most. **She bought us strawberry and chocolate ones.**

After a delicious dinner, **all the children went to the school atrium, where they played songs and danced.** I really liked that they got all the children involved. We finished the event at around 9:30 p.m. and went home.

I packed all my things in a suitcase for the trip back home to the Czech Republic. I said goodbye to my Spanish host father because he had to go to work in the morning.

We also called my friends and shared our experiences from the evening event, after a long conversation I fell asleep.
