SKUPINOVÁ MOBILITA: **Escola Básica dos 2o e 3o Ciclos Dr. Horácio Bento de Gouveia, Funchal, Madeira, Portugal**

TERMÍN: **15. 3. 2025 – 22. 3. 2025**

PROJEKT: **Our Planet, Our Responsibility: Learning from the Earth's Ecosystems for a Sustainable Future**

My Saturday and Sunday in Madeira

I had a unique opportunity to spend time **in beautiful Madeira as part of an Erasmus exchange programme**. It was filled with unforgettable experiences and new friendships that enriched me and expanded my horizons.

On Saturday, we visited the **natural lava pools** located along the coast of the island in **Porto Moniz**. These pools, formed by volcanic activity, are unique and offer breath-taking scenery. The water was warm and clear, which encouraged us to **take a refreshing swim**. Around the pools, we enjoyed the local atmosphere, admired the beauty of nature, and soaked up the sunshine.

In addition to swimming, we also tasted local specialties made from fresh fish that were offered to us at a nearby restaurant. This is an experience I will remember for a long time.

Sunday was truly special for me as it was **football day**. I had the chance to watch **Lucas, my host**, play football. It was a joy to see how passionately and enthusiastically he represented his team. **The match was exciting and the atmosphere in the stadium was electrifying**. And then we went to another football match of

the local club, Nacional. I enjoyed every minute of it. It was amazing

During my stay, I lived with Lucas's family, who went out of their way to make me feel comfortable and enhance my experience. The family consist of four members - **Lucas, his sister Charlotte, and their parents**.

Everyone was very hospitable and friendly, which **made it easy for me to integrate**. They also had **two adorable dogs** that were constantly full of energy and fun. Additionally, I had the pleasure of witnessing the care they provided for **a little turtle** they kept at home. It was great to see how the family respects and takes care of animals, and I quickly grew fond of their pets.

This exchange stay in Madeira not only provided me with **valuable experiences and insights but also allowed me to forge new friendships and enrich myself with**

knowledge about the local culture and way of life. I am grateful for every moment I spent there and look forward to more similar adventures that will let me explore the beauty of the world and learn from different people, cultures and traditions.

On Tuesday first I went to the host class and after their class we went to lunch and then we went to the fun art museum and then we were already hungry so we went to the restaurant and back to school where the bus picked us up and we went to Tropical Monte Palace and then we took bus back to school where our parents picked up us and I was very tired and I went to sleep.

I liked Madeira so much I would like to take a trip there sometime in the future
