MY SPANISH HOST FAMILY

My host's name was Rocío. She lives in Enguera which is a small city in Spain which was about 70 kilometres from Valencia. The closest ocean is 60 kilometers away. She doesn't have any siblings and her mom is a college teacher.

My Spanish family was very nice, they have a medium sized flat with 2 bathrooms, a living room, 3 bedrooms (one was a guest room), then they also have another apartment house which was fully equipped.

In this house **they play table football**, they have **an arcade machine, darts** etc, and in summer season they rent it. They also have **a dog called Orus** and **a cat named Blanchie**. They also have another house for the summer.

Otherwise **they were really kind to me** and asked me about how is living in the Czech Republic, about my family etc.
