My Spanish host family

I stayed with my friend **Mario** and his family during the Erasmus mobility. **Mario lives in a big house in the suburbs of Alcantarilla.** It is a detached house with a garden around it. You can drive down into an underground garage under the house. The house has a ground floor and a first floor. The roof of the house is sloping.

There is a kitchen, bedrooms for the family, two bathrooms and a living room on the ground floor. They also have a separate gaming room with a PlayStation. From the kitchen you can go directly to the garden. In the garden there is a tiled terrace with outdoor seating. **Their cats usually relax there during the day.**

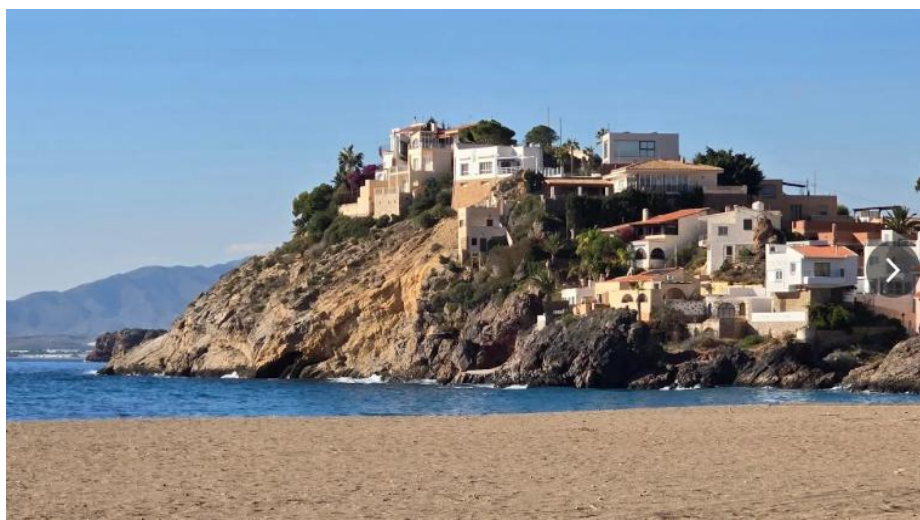

There is a Mario dad's his office on the first floor. There is also a terrace with a beautiful view.

Mario's family has four members. His mum works as a **nurse** in a hospital. His dad works from home in his office upstairs. Mario is 14 years old. He goes to IES Francisco Salzillo in Alcantarilla. In Spain, students start secondary school earlier than in the Czech Republic. **Mario plays football competitively and he is very successful.** His younger brother Dario goes to primary school. Dario also plays football in a team. **The family has three cats and one dog.**

In another house next to them lives **Mario's grandmother** with his uncle, aunt and cousin. We often went to his grandmother's house for lunch. She also lives in a big house. **She grows oranges and lemons in her garden. We tasted them and they were very good and sweet.**

Mario's grandmother also has a **small house near the sea.** We visited this house during a trip. It was a very nice experience to spend time with Mario's family.

Bolnuevo

Saturday 7th February with my host family

On Saturday I woke up at 9:30 in the morning. I was a little tired, but I was looking forward to the day. **We had pancakes for breakfast.** They were very tasty and we ate them together in the kitchen.

After breakfast, we got ready for a trip. We packed our things and prepared to leave. We left the house at 10:45. We went by car towards the sea.

We were going to the Spanish coast for a beach trip. The weather was sunny, warm but a bit windy. Our destination was the town of **Bolnuevo. It is a beautiful place near the Mediterranean Sea.** We stopped there for a moment and played football on the beach.

We also visited **Punta Cueva de Lobos.** The views there were amazing. The sea was blue and clear, full of waves. **We saw some big cargo ships and also one sailboat there.**

We visited Mario's grandmother's old seaside house. It is a small house near the beach. It has a nice atmosphere and feels very peaceful.

At the beach we were with Mario and his family. Later, the Spanish family of my classmate Filip joined us. It was nice to meet everyone together.

We spent time walking near the sea. Some of us sat and relaxed. Others took photos of the view.

Later we went to a restaurant near the beach. We had lunch there together. The food was very good and we were hungry after the trip. We ordered **hamburgers and French fries.**

After lunch we talked and enjoyed the nice weather. **Then we went to the shopping centre, where we bought some board game.** In the evening we returned home, had some meal and prepared to leave the Spain next day.

It was a great Saturday with trip to the sea shore. I really enjoyed the day and the time
