MY SPANISH HOST FAMILY

My Spanish host family has got two parents and two daughters. **The host's name is Martina and she 12 years old and her sister Claudia is 4 years old.** Parents is **dad, his name is Pablo**, and mom, but I don't remember her name.

They live in a flat near the school. They go to school sometimes by car, and sometimes they walk. They have a small car. **Their family loves paella for lunch** usually at 2 o'clock. And when they have paella, they call their grandparents and aunts and uncles and tell them: come to visit us, we have paella. When grandparents and aunts and uncles come, they have family lunch.

They have **one dog and his name is Chiqui**. Martina and Claudia have separate rooms. Martina's room is next to the kitchen and Claudia's room is next to the kitchen too but from the opposite side. Parents' room is opposite Martina's room. And behind Martina's room there is a toilet and a shower. They have a big flat. They have two toilets and one shower in their house. They have TV in the kitchen and when they eat, they watch TV.

Martina and me woke up in the morning to school at 8 o'clock. After waking up, we had breakfast. At breakfast **we always had cocoa**. Family is very good, I like them. Martina's dad goes to work every morning before we wake up to school. And he comes back from work at 7 pm. Their house is opposite the restaurant and near the shop Consum.

Martina has a chair, a table and a very big mirror in her room. She has childhood photos taped above her desk. It's very cute. Her dog always jumps at her bed and she always sleeps with him. **Dog is white and it is very fluffy.**

Claudia has brown hair, Martina has brown hair, too. Their mom has blond hair and their dad has short brown hair. In their house there are not carpets because **their walk in their house in shoes**. Their house is very clean, it is a very pretty flat. Martina has in her room one pink carpet behind her bed.

The family likes family trips to Valencia and they like pizza very much.
