PROJEKT: Active EU Citizen: I love myself

My Spanish host family

My host is called Lola. I spent with her and her family lot of time...

They took me to **my first bowling** I really enjoyed that.

We also spent some time in **Star jump** - it is something like jump park but much better.

We went to some restaurants too...

The best restaurant was Chinese restaurant. **I fell in love with their spring rolls**, but that is just my opinion.

I must say that **with this family you never get bored...**

Orange trees in the street

Yes, that is **absolutely normal in Spain**. In the Spanish streets you can find orange trees... That surprised me. Wait, there is one catch... or maybe two?

Firstly, if you pick one or more oranges you can get fine.

Secondly the oranges don't taste as good as the ones you can buy in the store. These are orange trees for the decoration. However, you can make a marmalade from them.

The sea

I have only one word that perfectly describes this view and it is: super grandiose.
