

SKUPINOVÁ MOBILITA: CEIP EDUARDO LÓPEZ PALOP, ENGUERA, VALENCIE  
ŠPANĚLSKO

TERMÍN: 21. 3. – 28. 3. 2026

PROJEKT: Active EU Citizen: Unidos en la diversidad / Jednotni v rozmanitosti

**REPORT: GROUP MOBILITY OF PUPILS ENGUERA, SPAIN**  
**THURSDAY 26<sup>TH</sup> MARCH 2026 MORNING**

**Kostiantyn Lymarenko 6.C**

On Thursday morning, as usual, we first arrived at school and then went together to the town centre. We divided in international groups of four and started the activity to learn about Enguera. There we had different tasks, for example, we had to find two museums in

Enguera and complete other similar activities. I really enjoyed this walk around Enguera because **it was interesting to walk through the town and complete the tasks.**

After that, **we went to a monastery that had been made into an ethnological museum.** There we saw how people lived in the past centuries, what instruments they used and what clothes there wore.

Then we returned to school, where we had a one-hour break. During the break, we **were allowed to walk around the school playground.**

Later, we went back outside to the playground and played four different games. The first was volleyball, the second was basketball, the third was hand football, and the fourth was dodgeball. I **really enjoyed the sports games** because they were fun and interesting.

After all the games, **we had lunch** in the school canteen. For lunch, we had rice with tomato sauce, vegetable salad, and yoghurt. However, I did not really like the lunch.
