

REPORT FROM 2nd PROJECT MEETING IN LJUBLJANA, SLOVENIA TUESDAY 19th OCTOBER 2021

Tuesday 19th October

I woke up at 6:30 and had breakfast with my host family. My host friend is named Lucija. We had so much food at the table and I ate just a toast with Nutella and drank some tea. **My family lived far from the city of Ljubljana** so

we had to leave at 7:15 every day. Before we left, I packed my bag and brushed my teeth. Lucija's mom drove us to school. We listened to some music and talked about our programme for the day.

We arrived at 8:00 at the Montessori school and I talked with my Czech friends until the programme started. The interesting thing about this school is the schedule and learning method. Students can arrive to the school any time between 8:00 -8:15. When the lessons started, **we were divided into international groups and got our topic for a project we were supposed to make together. I was in a group with one Spanish girl, a Spanish boy, a Polish boy and two Slovenian girls.** Our topic was history and geography. Everybody wrote about their country.

When I did my part, I was talking with the French boy Elliot and the Spanish girl Irene. I also made myself some waffles. In this school the students make snacks themselves. We finished our project sooner than estimated so I was talking to all

of the foreign people and I made so many friends. The project lasted until 12:00 then we had lunch. There was a **chicken thigh and potato salad** and it was really good.

After the lunch there's a 30-minute break. You can go outside or stay in the building

and sit on a couch and read. Every student has a chore so some of them were cleaning up after lunch. The break ended at 1:00 p.m. Then we had a Sports lesson. First, **we learned some dances**. One of them was polka. After the dancing we played some games and when you won some of them you got a dot with a marker on your hand. I had three dots out of three games so I got a chocolate the next day. This lesson was until 3:00 p.m.

Everyone then left to go see a castle but **Lucija took us to the seaside**. Her mom picked us up and we got there after an hour and 40 minutes of driving. The seaside town name is **Piran**. We were walking for an hour and I bought a crystal and a magnet. If it wasn't so cold I would for sure go for a swim in the sea. The water looked really clear there and I heard that it's safe to swim there.

We also **walked to a church** and sat there and

watched the sea. It was really peaceful and I think it was a great idea to go there and relax after a long day. Then we walked to a pizzeria and ordered some pizza. I split mine with Lucija . It was getting late and the **sunset there was beautiful**. After the pizza we watched the sunset and walked to find some dessert. It took us only five minutes to find a café. I ordered a **chocolate cake** and a glass of

water. After that we got ready to leave and I was really tired.

We got home at 10:00 p.m. and we cuddled with their dog. After that I got ready for bed. I took a shower, brushed my teeth and at 11:00 p.m. I was asleep. This was the best day from the whole week and I enjoyed every moment of it.
