REPORT: GROUP MOBILITY OF PUPILS ALCANTARILLA, SPAIN **THURSDAY 5TH FEBRUARY 2026 AFTERNOON** **Amelie Skordili 8.C**

On Thursday 5th February in the afternoon we visited the **Royal Casino of Murcia**. In Spanish it is called Real Casino de Murcia. It is one of the most famous and beautiful buildings in the city centre. At first, I thought it was a normal casino where people play games, but it is actually a historical building.

It was built in 1847 and today it

is an important cultural place. When we entered, I was really surprised because **the inside was amazing**. One of the most interesting room was **the Arabic room**. It was decorated in an oriental style with many details, colours and patterns. It looked like something fairytalelike. It felt very elegant and luxurious.

I enjoyed walking through the different rooms because each room looked different. **Some were very bright and decorated with gold, others were simpler, but still beautiful**. We took many photos there. The visit was very interesting for me. The building showed that Murcia is not only a modern city but also **a place with a rich past**. I really liked this and I'm happy that we could see such a special place.

Later we had some free time. We walked around the

square with my Czech friends and took some photos. After 20 minutes we returned to Alcantarilla by bus about 20-25 minutes.

When we arrived at school me and my Spanish friend went to her

grandma's house. Her grandma was so nice and sweet. We were there for like 10 minutes and then her two younger cousins came, we were waiting for her older cousin to come and when he came we had for lunch a traditional Spanish food.

Later came her dad

and sister and we all had lunch together. It was delicious. 1 hour later we went all the group to a **jump park**. It is much bigger then in Czechia. We were there for 2 hours, we really enjoyed it. For dinner we went to Burger King. I didn't eat anything because I wasn't hungry, but the other had a meal.
