REPORT: GROUP MOBILITY OF PUPILS ENGUERA, SPAIN **TUESDAY 24TH MARCH 2026 AFTERNOON**

Ondřej Jandourek 6.C

On Tuesday after school at 1:50 p.m. we came home and an unexpected twist came, we couldn't go cycling because of the rain. **Because we couldn't go cycling, Adrian's mom ordered bowling.** However, Anna was at school longer, so we had to wait for her.

We had a lot of time, so we turn on the PlayStation and start playing. We shortened the time as much as we can and around 3:20 p.m. we went for a small snack. For a snack, we had a traditional **Eglevsky oblong roll with special milk.**

We chatted after for about another 40 minutes, then Pablo arrived and brought Anna. We took the car and moved to the shopping centre, we drove there for 30 minutes. We entered the garage and looked for a place to park the car. We found a place in sector C 36. We went upstairs and found out that this centre also has a cinema.

We walked past a classic American arcade. A little further on there was a bowling alley, where we were heading. We rented shoes and entered the lane number 8.

Adrian started, but when he played, he had a support of boards, right after him Anna also came on the scene with boards. I didn't have boards, but I started to regret it quite a bit.

Inma played after me, who is in the same situation as me, but Pablo didn't mess around with it and went on strike right from the start. I improved so much that I even went on strike, but not even

for the third place. I finished with 24 points, Imna with 26 points, Anna with 58 points, Adrian with 98 points and Pablo with an incredible 109 points. **I really enjoyed bowling.**

After finishing the game and returned the shoes, Adrian's mom thought that because we're there, we could go to the **Arcade game room**, so we went there, it wasn't even ten meters away.

Adrian and I started with **billiards**, which I really enjoyed and I won by the end.

Then we went to the **zombie shooting game**, after that we went to **throw a ball into different wheels for points**. Then, Adrian tried to **pull a stuffed animal out of the machine** but he couldn't, so I went **whacked moles**. As a prize, I got a **Coca Cola-shaped rubber band**.

Later we went out for dinner at a nearby restaurant. The first course **were nachos with tomato dip**, the main course were hamburgers, **Pablo and I had a double hamburger with fries**, **Adrian, Anna and Imna had a cheeseburger with fries**.

For dessert, I had a **pistachio cheesecake**. Dinner started at 9:30 p.m. and ended around 10:30 p.m. Then we went home by car and went to bed.

It was a great afternoon.
